

Go!2 MOBILE KEYBOARD

Designed for the mobile or office professional, the new light and sleek Goldtouch Go!2 Mobile Keyboard offers personalized comfort that's uniquely adjustable.

Available in wired or Bluetooth models.

Key Features

- **Adjustability:** 0-30° adjustment in the horizontal plane, combined with additional 0-30° individual adjustments for vertical tenting.
- **Comfortable:** Scissor-switch key system for fluid, silent tactile feedback.
- **Compact:** Ready to use in tight places — like airplanes or hotel desks — and folds over for added travel convenience.
- **Compatible:** Supports Windows 10, 8, 7, Vista, XP, 2000 and Mac OS 10.4 and above. Multimedia key support for both Windows and Mac OS

WIRELESS BLUETOOTH MINI KEYBOARD

The ultra-sleek and ultra-portable Goldtouch Bluetooth Mini Keyboard was created specifically for the modern, on-the-go lifestyle. Designed for tablet, PC, Android™ and Apple® devices, this thin, lightweight (10 oz.) keyboard goes anywhere you go, with no wires or plugs necessary. This keyboard comes with two AAA batteries that will serve you up to 4 months

GOLDTOUCH GELS

Goldtouch keyboard wrist rests and gel pads offer the very best in ergonomic support for your wrists, hands and joints. Designed to fit a wide range of keyboards and mice, you'll find all of the comfort you seek without sacrificing style or choice.

||| V2 ADJUSTABLE KEYBOARD

The Goldtouch V2 Adjustable Comfort Keyboard is the third generation of our premier computer keyboard. Each is uniquely designed to adjust from 0-30° on the horizontal plane to straighten your wrists, and 0-30° of vertical tenting to alleviate the pressure in your tendons and joints and to align the arms and shoulders in a natural and comfortable position.

Key Features

- **Smart Adjustability:** Adjusts effortlessly through our patented lever-locking design.
- **Soft Key Touch:** Low activation force and full key travel distance increases your comfort and reduces the risk of “bottoming out” when typing.
- **Plug-and-Play:** No driver or software installation required. Simply plug into any open USB port on a PC or Mac.
- **Compatible:** GTU-0088 for Mac/PC (Windows 10, 8, 7, Vista, XP, 2000, Mac OS 10.4+ by USB); GTN-0099 for PC (Windows 10, 8, 7, Vista, XP, 2000 by USB or PS2).

||| ErgoSecure 2.0 SMART CARD KEYBOARD

The Goldtouch ErgoSecure 2.0 Smart Card Keyboard is equipped with the SCM STC II Smart Card Chip that is integrated directly into the keyboard body. The keyboard adjusts effortlessly through our patented ball and lever-locking mechanism and features a soft key touch.

Key Features

- **Adjustability and Comfort:** Like all Goldtouch keyboards, the ErgoSecure 2.0 provides 0-30° of vertical tenting and 0-30° of splay to help align and straighten your wrists, arms and shoulders. Full-size tactile feedback keys further increase comfort.
- **Federal Standards and Contracts:** TAA Compliant, FIPS 201 Approved, ISO/IEC 15411 Compliant, and Available via GSA.
- **Compatible:** Windows 10, 8, 7, Vista, and XP.

||| GOLDTOUCH MICE

Goldtouch Mice are designed to deliver a better mousing experience through innovative form and simplicity, giving the wrists, hands and fingers a well-deserved upgrade in mousing comfort. Manufactured with the highest standards, Goldtouch mice are high-quality, high-performance, and provide high comfort to their loyal users.

The Goldtouch Comfort Mouse is available in wired or Bluetooth models.

Key Features

- **Driver Free Installation:** Easy to use Plug-and-Play technology.
- **Comfort:** All Goldtouch mice are designed for hours of computing comfort — designed to cradle your hand and thumb and provide incredible support.

The Goldtouch Wireless Ambidextrous mouse.

||| SEMI-VERTICAL MOUSE

The new Goldtouch Semi-Vertical Mouse was created with an optimal slope of 66° for ultimate comfort and precision. Featuring multiple DPI settings, an Ergo-grip flange accessory, comfortable anti-slip texture grip and adjustable weights for a fully-customized experience.

The New Goldtouch Semi-Vertical Mouse.

Key Features

- **Ideal Slope:** 66° slope creates optimal comfort and hand/wrist positioning.
- **Flange Accessory:** Detachable Ergo-grip flange keeps palm off the surface of the desk.
- **Comfortable Feel:** Anti-slip texture grip and rubberized coating provide maximum comfort.
- **Front and Back Keys:** Page forward or Page back with convenient thumb keys.
- **Plug & Play:** Wireless USB 2.4 Ghz receiver allows for quick set up.

||| LAPTOP STANDS & MONITOR ARMS

Goldtouch Laptop and Tablet Stands feature our innovative height adjustment/travel system to raise your laptop to the perfect height for greater comfort and reduced neck strain.

Available in aluminum or composite resin.

Goldtouch Monitor Arms offer a broad range of seamless monitor adjustments for height, focal distance, and tilt angle, to help create a healthier, safer, and more comfortable work environment. Available in Single or Double styles.

Key Features

- **Adjustable:** Laptop stands and monitor arms offer an adjustable height system to bring your laptop screen or monitor to eye level, reducing neck and eyestrain.
- **Works With You:** Laptop stands lay flat for better and easier travel. Monitor arms adjust perfectly to any user.

The Dynafly Monitor Arm can support monitors up to 33lbs.

||| NUMERIC KEYPADS

The stand-alone Goldtouch Numeric Keypad can be freely positioned for optimal placement on your desk, without the constraints of a traditional locked-position keypad.

Key Features

- **Simple:** Easy to use Plug-and-Play technology, featuring a USB connector.
- **Easy Access to Essential Keys:**

PC Key Features: Tab, Escape, Backspace, Home, Insert, and Delete, along with frequently needed symbols and functions: , # @ : () \ / % \$ € £ ¥ MS M+ MC MR +/- 00 and = keys.

Mac Key Features: Escape, Tab, Delete, FN, Clear, Enter, Home Key, Page Up & Page Down keys, the End key, and Directional Arrows, along with the essentials: 0,1,2,3,4,5,6,7,8,9,=,+,-,/,*.

||| EVOLUENT MOUSE-FRIENDLY KEYBOARD

Unlike many keyboards, the Evoluent Mouse Friendly Keyboard places the numeric keypad on the left, making more room for mousing. This eliminates overreaching, allowing you to keep your arm in a natural position as you use your keyboard and mouse.

KOV-KB1

Features left-side numeric keypad for reach-free mousing

||| ROCKSTICK 2 MOUSE

Unlike non-ergonomic mice, which can force your arm into a pronated hand position, this vertical mouse encourages a handshake approach to mousing. With this natural position, you will mouse more comfortably, and you won't strain to reach buttons.

KOV-RS200WM (Wireless, Black, Medium)

KOV-RS200WL (Wireless, Black, Large)

Clicking is accomplished by rocking stick left or right, eliminating traditional finger clicks.

||| ORTHOVIA ORTHOMOUSE

The fully customizable OrthoMouse will gently guide your wrist and hand into an ideal position. This creates a better fit and is scientifically proven to reduce the risk of developing a repetitive strain injury like carpal tunnel syndrome. It features six different custom configurations and five customizable buttons.

KOV-ORTHO (Wired)

KOV-ORTHO-W (Wireless)

The OrthoMouse was designed by an orthopedic surgeon and is based on the anatomy of the human hand.
